GOHIGHLEVEL PROJECTS

GoHighLevel Portfolio Projects | portfolio.liezljamindang.site

- Designed and built 10 business websites in GoHighLevel across automotive, roofing, med spa, HVAC, florist, real estate, plumbing, landscaping, coffee shop, and pet care industries.
- Built 10 matching lead capture funnels, including service booking, roof inspection, free consultation, free estimate, table reservation, and pet quiz funnels.
- Built SiteHaus Studio, a website template store with a storefront, product listing page, and shopping cart.
- Configured white-label branding for an agency account, two sub-accounts, and a white-label desktop app.
- Prepared and submitted A2P 10DLC brand and campaign registrations for SMS messaging.
- Set up invoices, contracts and documents, and gift cards inside GoHighLevel.
- Connected a custom domain to GoHighLevel websites and funnels through DNS records.
- Built an interactive portfolio dashboard in a GoHighLevel custom code element to present all projects.

PROFESSIONAL EXPERIENCE

GoHighLevel Specialist | 2024 - Present

Ladder Marketing | Remote

- Set up and manage GoHighLevel sub-accounts end to end, including users, permissions, business profiles, custom fields, custom values, and tags.
- Build and maintain the CRM: contact records, smart lists, lead segmentation, data imports, and clean-up.
- Design sales pipelines and opportunity stages, and keep leads moving through follow-up to close.
- Build workflow automations with triggers, conditions, and wait steps for lead nurture, appointment reminders, missed-call text back, internal notifications, and pipeline updates.
- Design and publish websites, funnels, landing pages, forms, surveys, and quizzes, including custom code and mobile layouts.
- Configure calendars and booking systems with availability rules, confirmations, reminders, and round-robin assignment.
- Create email and SMS campaigns and templates, and manage the Conversations inbox across channels.
- Complete A2P 10DLC brand and campaign registration and phone number setup for compliant SMS.
- Connect custom domains and subdomains, DNS records, and SSL for websites, funnels, and email sending.
- Set up white-label branding for agency and sub-accounts, and build snapshots for repeatable account setup.
- Configure payments, products, invoices, contracts and documents, gift cards, and online store pages.
- Set up AI agents, including Conversation AI and Voice AI, for lead response and appointment booking.
- Manage review requests and reputation, build dashboards and reports, and connect integrations and webhooks.
- Troubleshoot account issues, document processes, and support clients and team members in using the platform.

Executive Operations Assistant | May 2026 - August 2026
Confidential Client | Healthcare Services | Part-Time | Remote
- Provided executive-level operational support across active business opportunities, priorities, deadlines, and follow-ups.
- Audited and maintained opportunity pipeline records in Monday.com, ensuring clear status, ownership, next actions, due dates, blockers, and supporting documentation.
- Tracked deadlines and follow-up windows, identified stalled items or execution gaps, and flagged matters requiring attention or escalation.
- Prepared concise executive control briefs and status updates highlighting priorities, risks, blockers, and recommended next actions.
- Maintained accurate documentation of actions taken, responses received, evidence, and outstanding items to support executive decision-making.
- Maintained contact and opportunity records in the GoHighLevel CRM.
- Managed appointment scheduling through GoHighLevel calendar booking.
- Monitored GoHighLevel pipelines to keep opportunities and follow-ups moving.

Executive Virtual Assistant | November 2025 - April 2026
Confidential Client | Automation Engineer, Hospital and Clinic Clients | Project-Based | Remote
- Managed executive inboxes, organized and filtered messages, and drafted professional responses.
- Handled calendar and appointment scheduling across multiple time zones while avoiding conflicts.
- Supported tasks and projects using project management tools to track deadlines and deliverables.
- Conducted online research and summarized findings into concise, actionable information for the executive.
- Prepared and edited documents, reports, and content materials while handling sensitive information with discretion.
- Maintained client and contact records in the GoHighLevel CRM.
- Managed appointment scheduling through GoHighLevel calendar booking.
- Updated opportunities across GoHighLevel pipeline stages to keep follow-ups on track.

Instagram Lead Generation Specialist | October 2025 - December 2025
Confidential Client | Online Fitness Coaching Business | Project-Based | Remote
- Responded to Instagram inquiries professionally and maintained prospect engagement.
- Built rapport with potential clients through personalized outreach and gathered qualified prospect data.
- Supported the sales pipeline by organizing lead information and follow-up needs.
- Managed prospect and lead records in the GoHighLevel CRM, keeping contact details and conversation notes up to date.
- Scheduled and managed appointments through GoHighLevel calendar booking.
- Tracked leads through GoHighLevel pipeline stages and updated each opportunity as it progressed.

Business Owner and Operations Manager | 2018 - 2025
Kirzel's Sweet Tooth & Prints | Full-Time
- Managed end-to-end daily operations including customer communications, scheduling, orders, payments, inventory, and supplier coordination.
- Developed SOPs, operational checklists, and workflows to improve consistency and reduce missed steps.
- Managed the customer lifecycle from inquiry through fulfillment and satisfaction follow-up.
- Conducted product and pricing research, maintained inventory records, and coordinated supplier relationships.

Campaign Manager | 2016 - 2018
Voiceless Technologies Philippines, Inc. | Full-Time
- Served as primary client liaison and managed outbound communications and campaign coordination.
- Tracked KPIs and prepared end-of-day performance reports for stakeholders.
- Coached team members to improve lead generation outcomes and campaign performance.

Quality Assurance Specialist | 2014 - 2016
Voiceless Technologies Philippines, Inc. | Full-Time
- Conducted call monitoring and quality scoring to ensure compliance with standards and proper call flow.
- Participated in calibration sessions and contributed to process documentation and quality improvement initiatives.
